> Dear Sir,

>  
> The Irish Kennel Club request that you do not make a final decision on the above matter until such  
time as we have had an opportunity to make a submission.

> If you could hold for approximately 10 days we will revert to you.

>  
> We accept that this is an internal matter, however as Irish Wolfhound is an Irish Native Breed and  
pedigrees from any part of the world can become mixed. The potential damage done to the integrity  
of bloodline could be catastrophic.
